## ORDER HELP

Please complete the following technical questionnaire, which are required for a delivery:

### Input

Connection tech.	Current transformer		Voltage transformrer		rating/kW
alternating current, single-phase	prim./A	sek./A	prim./V	sek./V	
rotary current, 3-wire, balanced	prim./A	sek./A	prim./V	sek./V	
	1x current transformer (L1)				
rotary current, 3-wire, unbalanced	prim./A	sek./A	prim./V	sek./V	
	2x current transformer (L1, L3)				
rotary current, 4-wire, balanced	prim./A	sek./A	prim./V	sek./V	
	1x current transformer (L1)				
rotary current, 4-wire, unbalanced	prim./A	sek./A	prim./V	sek./V	
	3x current transformer (L1, L2, L3)				

### Output

0...20 mA     4...20 mA     0...10 V    others:

### Rating (effective range in kW resp. MW)

zero-point:  full-scale:

### Power-supply

wide range 20...253 VDC, 30...253 VAC (50...60 Hz)

Yours faithfully
